“ I am so sorry for the loss of your family member. May your hearts be soothed by scripture found at Psalms 34:18, where it is revealed how God is near to you during this tragedy.

“ To Fred's Family,

*I am very sad to read of Fred's passing. I met Fred when he was an electrical instructor in Education & Training at the Caterpillar Mossville plant. In 1999, Fred came into our Facility Engineering group. Fred did electrical design and handled the electric motor contract. I was the Electrical Engineer for the Assembly and Engine Test systems. Fred guided me to the right place, Computer Deli, to get our home computer system in 2007. Ah, memories. I retired from the Mossville Engine Center on October 31, 2008.*

*I hope your many, many happy memories will help you get through this most difficult time. My thoughts and prayers are with you.*

“ Sad to see Fred's passing. We worked together at Mossville in Education and Training. I always enjoyed being around Fred and his interesting stories like him growing up in Wisconsin with a Civil War vet in town, a Union drummer boy.

Fred overcame a severe balance problem and trained himself to sense with his feet. He was proud of his family and will be remembered fondly.
